Often one wonders where they might purchase a needed Whippet racing related product. Many times these items are venue specific or custom made per animal. In these cases the local pet store would not carry the item or perhaps has a poor selection. The following is a listing of alternate sources for those unique, hard to find, or custom Whippet Racing items. This listing is not to be construed as a recommendation to the quality or service of any product. Additions or corrections to this list may be submitted by contacting the WRA.
